**Subject:** Kaiser Smelter Site - Phase II Deliverable - Batch 1 (4 Response Summaries)

Brooks,

Toeroek is pleased to submit Batch 1 of the Response Summaries associated with the EPA 104(e) Information Requests issued as part of the potentially responsible party investigation of the Kaiser Smelter Site. Pursuant to our discussion on 11/26/2019, these Response Summaries will constitute the Phase II deliverable under Task Order ("TO") 68HE0719F0161 of Contract No. EP-S9-16-01 with the EPA.

As you requested, we will submit the Response Summaries in batches as they become available. I have posted Response Summaries for the following four parties on the GoAnywhere FTP Site.

1. A.J. Edmond Company, Incorporated
2. Garco Construction, Inc.
3. Northwest Demolition LLC
4. Spokane Recycling Company, LLC

In addition to each Response Summary, I also posted the 104(e) response itself. Please note that the response for Spokane Recycling Company, LLC is password protected. The password is (b) (6)

Please do not hesitate to contact me if you encounter issues with these files.

Best Regards,

Lisa

Lisa Contreras-Hendler, Esq.
